CMS Turns 10
Happy Birthday

TURNING DOUBLE DIGITS

Happy Birthday Cockrill!

This year to celebrate Cockrill turning TEN, we celebrated a day in honor of our schools namesake, Dr. Jack Cockrill. On this day, student representatives escorted Dr. Cockrill around the school. They visited several of our areas to showcase what's amazing at Cockrill! First, Dr. Cockrill, Dr. McDaniel (our superintendent) and a few board members were greeted by the cheerleaders and watch a performance. Then they had the opportunity to visit several classrooms and saw all three fine arts perform for them. At each location Dr. Cockrill left inspiration and courage for all the students of CMS.

Birthday PARTIES

WHAT IS YOUR FAVORITE BIRTHDAY PARTY YOU'VE EVER HAD, AND WHAT WOULD YOU LIKE YOU NEXT ONE TO BE?

"When I was turning 11 and I had a Hawaiian Falls party. I would like to have a movie-sleepover party for my next birthday."
Abigail De Leon (6th)

"My best party I've had is when my family and I saw a movie. I would either chose zip lining or skydiving next."
Camden Arouca (8th)

"My favorite party was when my friends and I went to a spa and for my next party I would want a room full of puppies."
Emily Grace Carpenter (8th)

"When I was 10 I went to the movies and saw Star Wars with my friends and I would like to go to Main Event to bond with my friends."
Jacob Blackburn (7th)

Jack Cockrill DAY

DAY TO CELEBRATE

Among several classrooms visited by Dr. Cockrill, was Mrs. Switalski's classroom. She said, "it was really nice having Dr. Jack Cockrill in our room. He came in when the class was learning about elements and compounds and we were using LEGOs to demonstrate their chemical makeup."

DR. JACK COCKRILL

"Every day try to bump up your level of excellence just a little bit to see what it feels like so we can do it more often."

BENJAMIN WIESE (8TH)

"It was a great experience, Jack Cockrill was great, and I would do it again in a heartbeat."

SKYLER FORTNER (8TH)

"Walking Jack Cockrill around the building was my favorite part of the day because he told us so many interesting things about him."

Evan Dennis (8th) enjoyed meeting Dr. Jack Cockrill during his AVID class and all the wisdom he had to offer. He said his favorite quote from him was when Dr. Jack Cockrill said, "If you try hard in school, you can get places in life."

BRIELLE LEETH (8TH)

"My favorite part about meeting Jack Cockrill was learning about his life and all the places he's been."
