Letter from 2019 the EDITORS 2020

Throughout the year we have been creating a yearbook that will hopefully capture the **memories** of the school year. We hope you treasure this book like a time capsule of the 19-20 school year. We decided on

the theme of "We Are Connected" because we noticed that ever since we started **Club CREED** that the student body has felt more connected. **Connected** to our peers, connected to our teachers, and connected to what we are learning.

It has been an honor to capture this year's memories and moments and we hope you enjoy your book!
