Whether its jeans or joggers, pants or skirts, everyone has a different style, it just depends on how you rock it. There are so many trends out there, and everyone wears it a different way. Here at Cockrill the styles are very unique and outrageous! The girls look gorgeous! They definitely commit to their signature style! Parker Davis (7) said that she rocks a chic style and her closet is filled to the brim with fashionable sweaters and super cute ankle boots, with a high heel, of course! Cockrill students voted that they love Nike active wear! Their sneakers add extra speed and their athletic wear is fierce and functional for boys or girls!
