

"I would say \$50 because I would be able to have some to spend but also be able to save up, and be responsible."

- Anna McCollom (8)

"I would say probably \$15 because I do a decent amount of chores, but not a lot because I am just helping with the house."

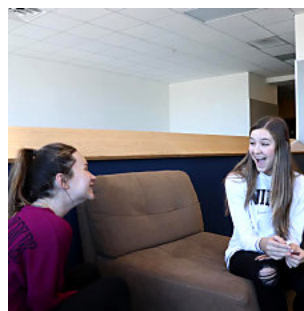

- Sydney Tripp (8)

"I would want \$20 because I wouldn't want to ask for too much or too little."

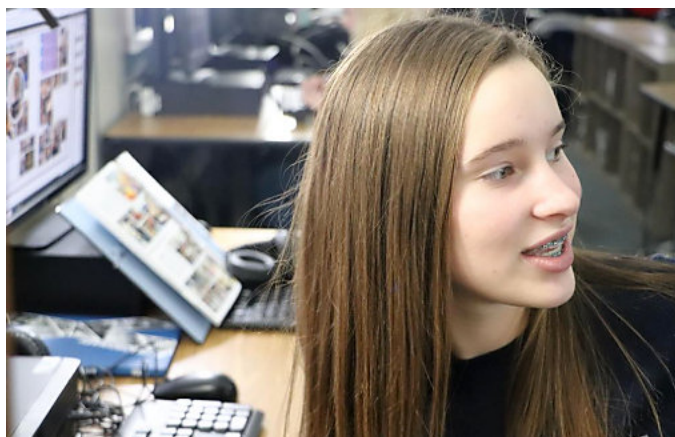

- Brayden Kruebbe (8)

If you could set your own allowance, what would it be, and why would you pick that amount?

Best Of The Best

1 of 4 editors, Ava Thomas (8) is a dedicated yearbook staff member. "I joined yearbook because my friends, Anna Mcollom (8) and Tatum Pellegrin (8) inspired me to join. "The most rewarding part about being on the yearbook staff is creating something that will benefit others and being able to create something bigger than yourself!" This year, this book, has been edited by four editors who have worked hard together to completely design every picture, text and box. They have carefully placed each item with purpose for the readers to have the most enjoyment out of their yearbooks. The yearbook staffers decide what pictures and write the stories.

Writing HEADLINES and Meeting DEADLINES

Life, Camera, Action!

The yearbook staff is a dedicated group of students. They work really hard everyday, in and out of class. The staff runs around the school almost every day getting interviews and taking photos for the book that you are reading right now. Imagine having to go to all different types of classrooms and having to have the nerve to interview and possibly ask for someone who you have never met before. They always come ready to work and learn. They have one job; to make something bigger than themselves: the yearbook! Some of the new staffers were nervous at first to go into classroom, but as the year has progressed the fear has decreased. They have enjoyed taking pictures every Friday during Club CREED, you can see some of their best work on the cover of this book.
