

# 52 Basketball Sports

# HOOPS!

*they did it again!*

**COCKRILL BASKETBALL** had a great year on the floor. Silver Team played hard even when the score wasn't in their favor. The Navy and White teams both dominated but failed to dethrone Highland Park in the championship game. Silver Team lost in the first round of the tournament but still enjoyed every step of the journey! Congratulations to all three teams for making it through a hard season!

WHAT DO YOU THINK YOU COULD WORK ON TO IMPROVE YOUR GAME?

"If I were to improve my decision making, passing, and shooting, then I would be at my best."

Cooper Huffman (7th)

"I could use some work on being smart with the ball, like choosing better passes and shots."

Kyle Justin (7th)

"I'm very happy to have made the white team, but my dribbling could use work if I want to move up."

Ryan Murdock (7th)

"I know I have great potential in basketball, I just need to improve my shooting to get there."

Brycen Perry (7th)

Eat,  
sleep, **PLAY**

# ATTACK THE *Glass*

**MICAH GIBBS (7TH)**

"My biggest motivator in basketball is definitely Coach McNeil because he always pushes me to be my best."

**JOEY DICKSON (7TH)**

"My favorite part about winning is the pride and excitement that comes from a win."

**JAYLON BURTON (7TH)**

"One memory that I won't forget from this season was our first game because it was the first time the team got to play together."

**LAYUPS FOR** *days!*

The Silver Team was so good because of their ability to put the defense on their heels and drive to the hoop. The Navy team won tons of games by being aggressive and diving after every free ball.

**CAEL GOVAN (7TH)**

"Our team works very well together because we know each other's strengths and weaknesses and this brings chemistry."
