CMS Actors Are...

#Powerful

CMS actors learn about teamwork and valuing the talent of others by working together to create the best show they can. *Don't Rock The Jukebox* was a way for students to express themselves and make new friends.

Popular Performance

This year's musical, *Don't Rock The Jukebox*, was a musical review in which the actors didn't know what songs they were performing until that night. Audiences were given ballots and picked out the songs they wanted to hear. One of the most popular songs was Vogue by Madonna, starring Sophia Curren.
