

THERE IS A WORLD BEYOND TECHNOLOGY

by:Katie Hicks, Rachel Northington, and Alyssa Hills

This generation is more focused on a tiny screen than the people that surround them.

In this essay, we are trying to bring attention to this problem. We hope that this changes your perspective on technology.

YOUR PHONE CAN MAKE YOU MISS THE GREATEST MOMENTS

YOU NEVER KNOW WHAT YOU JUST WALKED AWAY FROM

BUT SOMETIMES LIFE GIVES YOU SECOND CHANCES

AND YOU SHOULD TAKE THEM

YOU'LL NEVER KNOW WHAT WILL HAPPEN

YOU COULD MEET NEW PEOPLE

TAKE ADVENTURES

AND BUILD STRONG FRIENDSHIPS

YOU SHOULD REALIZE WHAT'S REALLY IMPORTANT
